Fire-EMS Standard Operating Guideline

Section:	5 Rescue Operational Information
Title:	Rescue Response To Fire Calls
Date:	August 2008

RESCUE RESPONSE TO FIRE CALLS

Rescue Squads shall automatically be dispatched with Fire Departments to the following type of calls:

1. Working structure fires, chimney fires, visual smoke in a structure, excluding automatic alarms.
2. Hazardous material incidents, excluding small (0 – 20) gallon spills. (Diesel Fuel and gasoline spills.)
3. As requested by the Fire Department on the scene.

Call command for staging assignment prior to arriving on scene.

REHAB

Rescue personnel to establish a rehab sector as necessary or requested per the type of incident or conditions.
