**COUNTY OF AUGUSTA**  
COMMONWEALTH OF VIRGINIA  
DEPARTMENT OF COMMUNITY DEVELOPMENT  
P.O. BOX 590  
COUNTY GOVERNMENT CENTER  
VERONA, VA 24482-0590

**MEMORANDUM**

**TO:** Board of Supervisors  
**FROM:** Leslie Tate, Planner II *Leslie*  
**DATE:** April 17, 2019  
**SUBJECT:** Consideration to release various ordinance revisions for public hearing

Below is a brief description of the ordinance revisions:

- Section 25-77.4. Lot frontage in general. Exceptions.
  - This amendment removes manufactured and mobile homes from the existing dwelling division lot frontage exception, which meets the original intent of the exception.
  
- Section 25-35. Number of spaces required.
  - This amendment removes the provision for a Zoning Administrator determined waiver for reduced parking in mixed use buildings. The provision for a Board waiver remains.

Attached is a draft of each of the ordinance revisions which have been recommended by the Ordinance Review Committee. These ordinance amendments would be advertised for the Planning Commission's May 14<sup>th</sup> meeting and the Board of Supervisors' May 22<sup>nd</sup> meeting.

**§ 25-77.4. Lot frontage in general. Exceptions.**

C. In General Agriculture Districts, a lot known as an “existing dwelling division lot” may be created that does not have frontage on a public street, provided the following conditions are met:

1. Such “existing dwelling division lot” shall be permitted for the sole purpose of creating a lot to separate an existing dwelling, not to include manufactured or mobile homes, constructed in or before the year 2000, and owned no less than five (5) years from the original lot. Neither the original lot nor the “existing dwelling division lot” shall be further subdivided using the exception detailed in this subsection.

2. No such “existing dwelling division lot” shall be created for the purpose of the circumvention of Chapter 21 of this Code.

3. The original lot shall be no more than one contiguous tract or lot, and the foregoing notwithstanding, need not to have the fifty feet (50') of frontage on a public street required by this section. Any new private rights-of-way or easements established to serve either the “existing dwelling division lot” or the original lot of the grantor must meet the requirements of § 21-11.B of this Code. (Ord. 11/21/06, eff. 1/1/07; Ord. 8/22/18)

**§ 25-35. Number of spaces required.**

A. The number of off-street parking spaces required shall be as follows:

<b>Use</b>	<b>Number of spaces required</b>
Airport, railroad passenger station, taxi stands, and bus terminals	One for every three seating spaces to accommodate waiting passengers in addition to other required spaces.
Assembly and exhibition halls with and without fixed seats	One for every four fixed seats and one per 250 square feet of assembly area without fixed seats.
Auction houses, with fixed seats	One for every four seats.
Auction houses, without fixed seats	One for every 250 square feet.
Auditoriums and assembly halls	One for every three seats.
Bakeries	One for every 200 square feet plus one for every three seats with fixed seating.

<b>Use</b>	<b>Number of spaces required</b>
<b>Banks</b>	One for every 250 square feet of floor space plus one for each 500 square feet of upper floor space.
<b>Bakeries, ice cream parlors</b>	One for every 200 square feet plus one for every three seats with fixed seating (Ord. 09/28/11)
<b>Batting cages</b>	One per cage (Ord. 09/28/11)
<b>Bed and breakfast inns</b>	One for each sleeping room or one per 75 square feet of assembly, whichever is greater.
<b>Bowling alleys</b>	Five for each alley.
<b>Campgrounds and recreational vehicle parks</b>	One for each space.
<b>Cemetery</b>	No parking required.
<b>Conference center</b>	One for every four seats.
<b>Convenience retail operations</b>	Twelve plus one for every 250 square feet over 1000 square feet.
<b>Customary incidental home occupations</b>	Sufficient spaces to accommodate all customers, clients, patients, etc.

**B. Stacking Space Requirements.** All stacking spaces shall be counted from the first point of contact. If the establishment has an order board the first space is counted at that location. If the establishment has a service window and no order board the stacking space shall be measured from the service window. All non-residential uses shall provide stacking spaces for vehicles at drive-up and drive-through facilities consistent with the following requirements:

1. **Number Required.** The minimum number of stacking spaces required for each parking facility shall be as specified in the Stacking Space Standards Table. The stacking spaces required for each parking facility shall be measured from the location listed in the Stacking Space Standards table. The space used for remote ordering or communicating with the employees within the use may be one of the required stacking spaces.

a. **Dimensions.** Each stacking space shall have a minimum dimension of nine feet (9') in width by twenty feet (20') in length.

b. **Location.** The location of stacking spaces shall not interfere with on site parking facilities and pedestrian areas.

i. The lane containing the stacking spaces shall be marked and separate and distinct from other access drives and maneuvering lanes for parking spaces.

ii. All designated pedestrian areas which pass through a stacking space area shall be clearly marked through pavement striping or a stamped pattern or texture.

iii. Stacking spaces shall not be used for access to parking spaces and shall not block access to parking spaces.

[INTENTIONALLY LEFT BLANK]

2. Stacking Space Standards.

C. Off-street loading spaces. Where loading areas or docks are present, they shall be designed so that no portion of a loading or unloading vehicle obstructs access to any required off-street parking spaces on any property. In no instance shall a loading area be considered a parking space for the purpose of meeting the off-street parking requirements of this ordinance.

D. Uses not specified. In the case of a use not specifically mentioned, the requirements for the off-street parking facilities for a use which is so mentioned and to which such use is similar shall apply.

E. Fraction of a space. When units of measurement determine a fractional space, any fraction up to and including one-half shall be disregarded and fractions over one-half shall require one parking space.

~~F. Mixed uses. When a building or facility is to be used for more than one use, the total requirements of the various uses computed separately in accordance with this section shall be required unless waived by the Zoning Administrator.~~

G. Waiver. The requirements of § 25-35 may be modified or waived in an individual case if the Board of Supervisors finds upon presentation of a parking study or similar documentation from the applicant that the public health, safety or welfare would be equally or better served by the modification or waiver; that the modification or waiver would not be a departure from design practice; and the modification or waiver would not otherwise be contrary to the purpose and intent of this chapter. In granting a modification or waiver, the Board of Supervisors may impose such conditions as deemed necessary to protect the public health, safety, or welfare.

H. Change in use. Whenever in any building or structure there is a change in use, or an increase in floor area or in any other unit or measurement specified herein so as to increase the required number of off-street parking spaces, parking facilities shall be increased on the basis of the total new units of measurement of the use, or the altered or expanded existing use. If a change in use creates a need for an increase of less than five (5) off-street parking spaces, no additional parking facilities shall be required if the facility currently has at least ten (10) spaces.
