- 8-09 **CONSENT AGENDA (SEE ATTACHED)**
8-09.1 **MINUTES**
Consider minutes of the following meetings:
• Regular Meeting, Wednesday, June 10, 2020
• Special Worksession-Solar, Wednesday, June 17, 2020
• Staff Briefing, Monday, June 22, 2020
- 8-09.2 **CLAIMS**
Consider claims paid since July 01, 2020
- (END OF CONSENT AGENDA)**
- 8-10 **MATTERS TO BE PRESENTED BY THE PUBLIC**
- 8-11 **MATTERS TO BE PRESENTED BY THE BOARD**
- 8-12 **MATTERS TO BE PRESENTED BY STAFF**
- 8-13 **CLOSED SESSION (SEE ATTACHED)**

Augusta County Board of Supervisors-- Staff Briefing

Health Equipment Loan Program (HELP)

23 March 2020

Background

- **The Health Equipment Loan Program (HELP) is a charitable Christian organization located in Churchville that is dedicated to recycling gently used donated durable medical equipment; evaluating, restoring and sanitizing it prior to placing into inventory for loaning to those in need.**
- **Vision: anyone living in the Staunton, Waynesboro and Augusta County area that is in need of durable medical equipment to insure health and safety within their home will have access to such equipment on a no-cost loaner basis.**
- **Mission: to provide no-cost loans of medical equipment to those in need**
- **Goals:**
 - **Meet the health equipment needs of our community without the delays and costs associated with acquiring non-covered, or poorly covered, home medical equipment.**
 - **Reduce the physical, financial and emotional burden of care for families caring for loved ones at home.**
 - **Assist in the grieving process by accepting equipment no longer in use due to the death of a loved one.**
 - **Decrease the economic and environmental waste of abandoned or discarded equipment by recycling through our program.**
- **Opened September 2014. Started with ~300 items of gently-used medical equipment donations. Now have over 3500 items (e.g. walkers, bedside commodes, tub benches, ramps, transport chairs) and numerous disposable supplies (e.g. incontinence, wound, ostomy, respiratory care) in inventory.**
- **Income from grants and donations cover operating costs that currently do not include any facility overhead due to hosting by local business, Churchville Pump Service.**
 - **Total grant and donation income past 5 years→ \$30,562**
- **Occupying 467 sq feet within the Churchville Pump Service**
- **Volunteer board of directors and staff primarily from the four Churchville churches (n=65) provide over 1500 hours of service annually**
- **Hours of operation/week = 40 (Tues, Thurs and Sat) with each church responsible for one week/month**

County residents served in 2019

- **443 county residents (42% of total served)**
- **Breakdown by district available**

Outcomes

H.E.L.P. Service Years	Families Helped	Durable Medical Items Loaned	Hospital Beds Loaned	Loan Renewals	Total Inventory Count
2015	183	301			483
2016	547	1019	28	61	1135
2017	701	1354	53	123	1678
2018	910	1699	53	290	2410
2019	1068	2129	40	434	3581
Growth Rate Over 5 years	484%	607%	43%	611%	641%

Analysis of the major category of items loaned and disposable supplies provided at no cost in 2019 reflects over \$200,000 in household savings to our community. Monies not spent purchasing or renting durable medical equipment (DME), hospital beds and disposable medical supplies enabled families to better meet household budget demands while allowing the individual to be cared for in the supportive family home environment.

County landfill diversion

Intangible human benefits:

- Compassionate emotional and spiritual support to caregivers impacting on mental health and well-being enabling them to succeed in supporting the transition from medically-supported care to home and community-based care
- Building of community networks and collaborations among support agencies
- Informing the next generation of caregivers through projects with Murphy Deming College of Health Sciences and local scout troops

Current needs

- Facility space: we have outgrown our current location

- Churchville Pump Service is relocating in Sept 2020 with the owner's retirement. Building will be sold.

- H.E.L.P. would like to purchase the building (\$155K assessed value) unless another suitable location can be identified as available at a lower cost (search to date has yielded no alternatives). This would increase our facility square footage from current 467 (which is often only about 10-20 square feet of open floor space!) to 2169 square feet.

Current strategic actions and future plans

- H.E.L.P. has applied for incorporation as a non-profit, then will apply for IRS 501 (c) (3) status independent of current affiliation with Glossbrenner UMC. Will expand grant eligibility and potential donor pool.
- Capital campaign launched.
 - \$16K raised to date.
 - Letter writing campaign to potential donors, medical providers, local businesses, past service recipients
 - Donation jars in local businesses
 - Presentations to local governmental bodies, area churches and civic organizations
 - Several grants submitted with ongoing grant submissions
 - Researching possibility of USDA Rural Development Loan

More information available

Please feel free to request a tour of our facility at 3925 Churchville Ave, Churchville

July 14, 2020

Dr. Scott Seaton
Wayne District Supervisor
Augusta County Board of Supervisors
18 Government Center Lane
Verona, VA 24482

Dr. Seaton:

Greetings, sir.

In response to our phone conversation last week, I have enclosed the quote we have received for new concession stand equipment as it relates to the construction project at *Steve Geiman Stadium*. I hope you will excuse the manner in which I am sending this information to you, as I am doing so remotely from my annual family vacation.

I am not sure how much you may/may not be aware of as it relates to expenses associated with the construction of the new concession stand. Initially, new equipment was to be included as part of the joint financing effort between the Wilson Memorial Booster Club, Wilson Little League Football, Augusta County School Board, and Augusta County Supervisors. When construction bids came in higher than expected, new equipment was cut as part of the cost savings process.

As we prepare for the 2020-21 scholastic year, assuming the current public health situation allows for us to have extracurricular activities in some form this year, we plan to utilize the old concession stand equipment. During this interim period, the Wilson Memorial Athletic Boosters will attempt to raise enough funds to support the purchase of new equipment.

Certainly, if you were able to help with this project, it would take a big weight off of the shoulders of the volunteers associated with the Wilson Memorial Athletic Boosters. Please review the requested equipment, the use of which will be shared by both the high school activities and Wilson Little League Football. If you feel as if this would be a worthy endeavor as it relates to your assistance, I'd appreciate hearing back from you. I am also willing to answer any questions you might have. Certainly, I also understand that the Wayne District might have many items that need your attention, also.

Thank you for your service to our community.

Respectfully,

Craig P. Flesher

Dr. Kelly F. Troxell, Principal
Susan L. Mace, Assistant Principal

Steven D. Hom, Assistant Principal
Craig P. Flesher, Athletic Director / Assistant Principal

T-23-HC

- ▶ True's solid door reach-ins are designed with enduring quality that protects your long term investment.
- ▶ Designed using the highest quality materials and components to provide the user with colder product temperatures, lower utility costs, exceptional food safety and the best value in today's food service marketplace.
- ▶ Factory engineered, self-contained capillary tube system using environmentally friendly R290 hydro carbon refrigerant that has zero (0) ozone depletion potential (ODP), & three (3) global warming potential (GWP).
- ▶ High capacity, factory balanced refrigeration system that maintains cabinet temperatures of 33°F to 38 F (5°C to 3.3°C) for the best in food preservation.
- ▶ Stainless steel solid door and front. The finest stainless available with higher tensile strength for fewer dents and scratches.
- ▶ Adjustable, heavy duty PVC coated shelves.
- ▶ Positive seal self-closing door. Lifetime guaranteed door hinges and torsion type closure system.

Bottom mounted units feature

- ▶ "No stoop" lower shelf.
- ▶ Storage on top of cabinet.
- ▶ Compressor performs in coolest, most grease free area of kitchen.
- ▶ Easily accessible condenser coil for cleaning.

True®

STANDARD FEATURES

DESIGN

- True's commitment to using the highest quality materials and optimized refrigeration systems provides the user with colder product temperatures, lower utility costs, exceptional food safety and the best value in today's food service marketplace.

REFRIGERATION SYSTEM

- Factory engineered, self-contained, capillary tube system using environmentally friendly R290 hydrocarbon refrigerant that has zero (0) ozone depletion potential (ODP), & three (3) global warming potential (GWP).
- High capacity, factory balanced refrigeration system that maintains cabinet temperatures of 33°F to 38°F (5°C to 3.3°C) for the best in food preservation.
- State of the art, electronically commutated evaporator and condenser fan motors. ECM motors operate at higher peak efficiencies and move a more consistent volume of air which produces less heat, reduces energy consumption and provides greater motor reliability.
- Bottom mounted condensing unit positioned for easy maintenance. Compressor runs in coolest and most grease free area of the kitchen. Allows for storage area on top of unit.

CABINET CONSTRUCTION

- Exterior - Stainless steel front. Anodized quality aluminum ends. Corrosion resistant GalFan coated steel back.

- Interior - attractive, NSF approved, clear coated aluminum liner. Stainless steel floor with coved corners.
- Insulation - entire cabinet structure and solid door are foamed-in-place using a high density, polyurethane insulation that has zero ozone depletion potential (ODP) and zero global warming potential (GWP).
- Welded, heavy duty steel frame rail, black powder coated for corrosion protection.
- Frame rail fitted with 4" (102 mm) diameter stem castors - locks provided on front set.

DOOR

- Stainless steel exterior with clear aluminum liner to match cabinet interior. Door extends full width of cabinet shell. Door locks standard.
- Lifetime guaranteed recessed door handle. Door fitted with 12" (305 mm) long recessed handle that is foamed-in-place with a sheet metal interlock to ensure permanent attachment.
- Positive seal self-closing door. Lifetime guaranteed door hinges and torsion type closure system.
- Magnetic door gasket of one piece construction, removable without tools for ease of cleaning.

SHELVING

- Three (3) adjustable, heavy duty PVC coated wire shelves 22 1/8"L x 23 1/4"D (582 mm x 591 mm). Four (4) chrome plated shelf clips included per shelf.

- Shelf support pilasters made of same material as cabinet interior, shelves are adjustable on 1/2" (13 mm) increments.

LIGHTING

- Interior lighting - safety shielded. Lights activated by rocker switch mounted above door.

MODEL FEATURES

- Exterior temperature display.
- Evaporator is epoxy coated to eliminate the potential of corrosion.

ELECTRICAL

- Unit completely pre-wired at factory and ready for final connection to a 115/60/1 phase, 15 amp dedicated outlet. Cord and plug set included.

115/60/1
NEMA-5-15R

OPTIONAL FEATURES/ACCESSORIES

Upcharge and lead times may apply.

- ┆ 230 - 240V / 50 Hz.
- ┆ 6" (153 mm) standard legs.
- ┆ 6" (153 mm) seismic/flanged legs
- ┆ Alternate door hinging (factory installed)
- ┆ Additional shelves.
- ┆ Half door bun tray racks. Each holds up to eleven 18"L x 26"D (458 mm x 661 mm) sheet pans (sold separately)
- ┆ Full door bun tray rack. Holds up to twenty-two 18"L x 26"D (458 mm x 661 mm) sheet pans (sold separately).

Item # _____

Job _____

Metro C5 1 Series Non-Insulated Heated Holding and Proofing Cabinets

- **Control:** Three holding modules are available. All feature an easy-to-read digital thermometer, recessed control dials, a master on/off switch, and power indicator lights.
 - **Combination Module:** At the flip of a switch change from heated holding mode to proofing mode. Individual analog controls for temperature and humidity levels. Digital temperature display.
 - **Holding Module:** For heated holding applications. Analog temperature control with digital display.
 - **Proofing Module:** For proofing applications only. Individual analog controls for temperature and humidity levels. Digital temperature display.
- **Performance:** All modules provide fast heat up and recovery through a thermostatically controlled, forced air heating system.
- **Sizes:** C5 1 Series cabinets are available in Full Height (69 1/2", 1772mm), 3/4 Height (57 3/4", 1467mm), and 1/2 Height (42 1/2", 1096mm) sizes.
- **Doors:** Clear polycarbonate doors provide visibility of the contents of the cabinet without the heat loss associated with opening the door.
- **Capacity:** Three slide styles provide maximum holding capacity.
 - **Universal:** Adjustable wire slides, with SiteSelect™, hold 18"x26" sheet, 12"x20" steam table, 2/1 or 1/1 GN pans, and adjust on 1 1/2" (38mm) increments.
 - **Lip Load:** Fixed aluminum extrusions hold 18"x26" sheet pans on 1 1/2" (38mm) increments.
 - **Fixed Wire:** Fixed slides hold 18"x26" sheet, 12"x20" steam table, 2/1 GN, or 1/1 GN pans on 3" (76mm) increments.
- **Removable Module:** All modules are removable, without tools, for easy cleaning of the cabinet interior. Future module upgrades or changes can occur without cabinet body replacement.
- **Reliability:** Reliability and durability are designed into every C5. High quality components provide a long life of worry-free use.

13.91

C5 1 Series Non-Insulated Heated Holding and Proofing Cabinets

Job _____

C5 1 Series Non-Insulated Heated Holding and Proofing Cabinets

Specifications

- Cabinet Material:** .063" (1.8mm) aluminum natural interior or brushed exterior with .125" (3.2mm) aluminum chassis.
- Casters:** Four casters with 5" (127mm) donut neoprene wheel double ball bearing swivel, ball bearing axle, nickel plated two with brake.
- Clear Doors:** Extruded aluminum powder coated frame with .090" (2.3mm) polycarbonate window.
- Hinges:** Field reversible double hinged 180° swing with long-life nylon bearings.
- Gaskets:** High temperature door mounted Santoprene gaskets
- Latches:** Polymer high-strength, magnetic pull latch with lever-action release.
- Universal Slides:** 1/2" (6.4mm) dia. nickel-chrome electroplated wire adjustable on 1/2" (38mm) increments
- Lip Load Slides:** 1 1/2" x 1/2" x .063" (38x38x1.8mm) extruded aluminum channel slides 1 1/2" (38mm) fixed spacing.
- Fixed Wire Slides:** 1/2" (6.4mm) dia. nickel-chrome electroplated wire welded on 3" (76mm) spacing
- Drip Trough:** Smooth polymer drip trough with catch pan
- Holding Modules:** Removable without tools, digital thermometer recessed control dials, master on/off switch, "Power On" light, water pan, ball bearing blower forced air system, 7' cord UL CUL and NSF Listed

Electrical and Performance:

- Combination Module:** 80°F (27°C) to 190°F (89°C) operating temperature range, 95% RH at 95°F (35°C). Available in 120V 2000W & 1440W, and 220-240V 1681-2000W configurations
- Holding Module:** 80°F (27°C) to 190°F (89°C) operating temperature range. Available in 120V 2000W & 1440W, and 220-240V 1681-2000W configurations
- Proofing Module:** 80°F (27°C) to 120°F (49°C) operating temperature range, 95% RH at 95°F (35°C). Available in 120V 1440W and 220-240V 1210-1440W configurations.

Indigo NXT Series iT0500 Ice Machine on D570 B n

Designed for operators who know that ice is critical to their business, the Indigo NXT Series ice machine's preventative diagnostics continually monitor itself for reliable ice production. Improvements in cleanability and programmability make your ice machine easy to own and less expensive to operate

- **New Levels of Performance** - Showcasing an average of 12% lower energy consumption and a 23% reduction in condenser water usage. This translates into lower cost of ownership over the life of your machine.
- **easyTouch® Display** - New icon based touch screen takes the guess work out of owning and operating an ice machine.
- **Programmable Ice Production** - Now its super easy to program your ice machine to be off at certain times of the day to save money with fluctuating electrical rates. Also programmable by daily ice production volume.
- **Easy to Clean Foodzone** - Hinge front door swing out for easy access. Removable water trough, distribution tube, curtain, water probe and water pump for fast and efficient cleaning. Selected components are made with AlphaSan® antimicrobial.
- **Intelligent Diagnostics** - Provides 24 hour preventative maintenance and diagnostic feedback for trouble free operation.
- **Acoustical Ice Sensing Probe** - Unique patented technology allows for reliable operation in challenging water conditions and environments.
- **DuraTech® Exterior** - Provides superior corrosion resistant above stainless steel. Innovative clear-coat resists fingerprints and dirt making it easier to keep clean.
- **Available Lumince® II Growth Inhibitor** - Controls the growth of bacteria and yeast within the Food zone keeping the machine cleaner longer. A new indicator in the display keeps you abreast of the operational status.

ICE MACHINE WARRANTY

Manitowoc Ice, Inc. (hereinafter referred to as the "COMPANY") warrants for a period of thirty-six months from the installation date (except as limited below) that new ice machines manufactured by the COMPANY shall be free of defects in material or workmanship under normal and proper use and maintenance as specified by the COMPANY and upon proper installation and start-up in accordance with the instruction manual supplied with the ice machine. The COMPANY'S warranty hereunder with respect to the compressor shall apply for an additional twenty-four months, excluding all labor charges, and with respect to the evaporator for an additional twenty-four months, including labor charges.

The obligation of the COMPANY under this warranty is limited to the repair or replacement of parts, components, or assemblies that in the opinion of the COMPANY are defective. This warranty is further limited to the cost of parts, components or assemblies and standard straight time labor charges at the servicing location.

Time and hourly rate schedules, as published from time to time by the COMPANY, apply to all service procedures. Additional expenses including without limitation, travel time, overtime premium, material cost, accessing or removal of the ice machine, or shipping are the responsibility of the owner, along with all maintenance, adjustments, cleaning, and ice purchases. Labor covered under this warranty must be performed by a COMPANY Contracted Service Representative or a refrigeration service agency as qualified and authorized by the COMPANY'S local Distributor. The COMPANY'S liability under this warranty shall in no event be greater than the actual purchase price paid by customer for the ice machine.

The foregoing warranty shall not apply to (1) any part or assembly that has been altered, modified, or changed, (2) any part or assembly that has been subjected to misuse, abuse, neglect, or accidents, (3) any ice machine that has been installed and/or maintained inconsistent with the technical instructions provided by the COMPANY, or (4) any ice machine initially installed more than five years from the serial number production date. This warranty shall not apply if the Ice Machine's refrigeration system is modified with a condenser, heat reclaim device, or parts and assemblies other than those manufactured by the COMPANY, unless the COMPANY approves these modifications for specific locations in writing.

THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES OR GUARANTEES OF ANY KIND, EXPRESSED OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

In no event shall the COMPANY be liable for any special, indirect, incidental or consequential damages. Upon the expiration of the warranty period, the COMPANY'S liability under this warranty shall terminate.

The foregoing warranty shall constitute the sole liability of the COMPANY and the exclusive remedy of the customer or user. To secure prompt and continuing warranty service, the warranty registration card or register on file within five (5) days from the installation date.

D Bins

*(1.94 cm) Bin depth

Ergonomic NSF approved sanitary scoop included

D Bin Features

New Sanitary Scoop Ergonomic NSF approved sanitary ice scoop included with each bin. Built-in knuckle and thumb guard. Unique molded retaining lip allows maximum scooping every time. Per scoop capacity approximately 5.3/ lbs (2.4 kg)

Scoop Holder options New built-in scoop holder, keeps the ice scoop handle above the ice, or purchases the optional NSF approved External Scoop Holder Kit # K00461.

New Door design Clever built-in side grips allow you to lift the bin door from anywhere you are standing (left, right or center) even when you have just one hand free

Foamed Insulated Door Insulates the ice bin, reduces sweat on the door, helps keep ice lasting longer.

Stay up door Unique cammed bin door self-latch keeps the door in the open position and keeps the employee safe when scooping ice

Ergonomic Door design Door is angled 53 degrees to allow for easier access to the ice in the bin especially when scooping from the bottom.

Duratech Metal Finish Manitowoc exterior material has better corrosion resistance than stainless steel, is smudge resistant and easy to keep clean.

New Bin Liner Polyurethane Artic Blue bin liner accentuates the crisp clear ice from a Manitowoc Ice Machine

LIMITED WARRANTY FOR ICE STORAGE BIN & DISPENSERS

LIMITED WARRANTY

Manitowoc Ice a division of Manitowoc FSG Operations, LLC, ("Company") warrants that new Ice Storage Bins or Dispensers sold by Company shall be free of defects in material or workmanship under normal and proper use and maintenance as specified by the Company and upon proper installation and start-up in accordance with the instruction manual supplied

WHAT IS COVERED

- Parts and Labor for a period of three (3) years.
 - Accessory Ice Transport Carts for two (2) years parts and labor
- The Ice Storage Bin / Dispenser warranty begins on the date of the original installation. This warranty shall not apply to any Ice Storage Bin or Dispenser initially installed more than five (5) years from the serial number production date.

The obligation of the Company under this warranty is limited to the repair or replacement of parts, components, or assemblies that in the sole opinion of the Company are defective. This warranty is further limited to the cost of parts, components or assemblies and standard straight time labor charges at the servicing location.

Time and hourly rate schedules, as published from time to time by the Company, apply to all service procedures. Additional expenses including without limitation, travel time, overtime premium, material cost, accessing or removal of the Ice Storage Bin / Dispenser, or shipping are the responsibility of the purchaser, along with all maintenance, adjustments, cleaning, and ice purchases. Labor covered under this warranty must be performed by an approved Company contracted Service Representative or a refrigeration service agency as qualified and authorized by the Company's local Distributor. The Company's liability under this warranty shall in no event be greater than the actual purchase price paid by purchaser for the Ice Storage Bin or Dispenser.

EXCLUSIONS FROM COVERAGE

- Repair or replacement of parts required because of misuse, improper care or storage, negligence, alteration, use of incompatible supplies or lack of specified maintenance shall be excluded.
- Normal maintenance items
Failures caused by adverse environmental, water conditions, or improper drainage
- Improper or unauthorized repair
- Any Ice Storage Bin / Dispenser that has been installed and/or maintained inconsistent with the instructions provided by the Company.
- Parts subject to damage beyond the control of Company, or to Ice Storage Bin's / Dispenser's which have been subject to accidents, damage in shipment, fire, floods, other hazards or acts of God that are beyond the control of the Company.
- This Limited Warranty shall not apply if the Ice Storage Bin / Dispenser is modified with parts and assemblies other than those manufactured by the Company, unless the Company approves these modifications for specific locations in writing prior to the commencement of such modification.

LIMITATIONS OF LIABILITY

The preceding paragraphs set forth the exclusive remedy for all claims based on failure of, or defect in, Ice Storage Bins or Dispensers sold hereunder, whether the failure or defect arises before or during the warranty period, and whether a claim, however instituted, is based on contract, indemnity, warranty, tort (including negligence), strict liability, implied by statute, common-law or otherwise, and Company and agents shall not be liable for any claims for personal injuries or consequential damages or loss, howsoever caused. Upon the expiration of the warranty period, all such liability shall terminate. **THE FOREGOING WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER WRITTEN, ORAL, IMPLIED OR STATUTORY. NO IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE SHALL APPLY. COMPANY DOES NOT WARRANT ANY PRODUCTS OR SERVICES OF OTHERS.**

REMEDIES

The liability of Company for breach of any warranty obligation hereunder is limited to: (i) the repair or replacement of the Ice Storage Bin or Dispenser on which the liability is based, or with respect to services, re-performance of the services, or (ii) at Company's option, the refund of the amount paid for said equipment or services. Any breach by Company with respect to any item or unit of equipment or services shall be deemed a breach with respect to that item or unit or service only.

WARRANTY CLAIM PROCEDURE

Customer shall be responsible to:

- Complete and return warranty registration card or register on line within five (5) days from the installation date.
- All warranty service must be performed by an approved Manitowoc contracted or authorized Service Representative. To schedule a service appointment contact your local Manitowoc Service Representative or visit us at www.manitowocice.com to find a Service Representative near you.

GOVERNING LAW

This Limited Warranty shall be governed by the laws of the state of Wisconsin, USA, excluding their conflicts of law principles. The United Nations Convention on Contracts for the International Sale of Goods is hereby excluded in its entirety from application to this Limited Warranty.

RE: Strategic Plan

In January, the Board received the attached letter about preparing a strategic plan. I received additional information from Mr. Chandler, who performs such work at a reasonable price (estimated at \$6,500). Please review the attached outline of services. A realistic start time is probably mid- to late September as there are several questions Augusta County must address prior to undertaking this initiative as the following list suggests:

1. What will be the scope of the initiative?
2. Has the full Board expressed support for the initiative?
3. What role will the county staff play in facilitating and implementing the initiative?
4. At present, I envision the initiative will be conducted electronically to be followed by in-person meetings assuming human safety is an issue of concern. Is this acceptable?
5. A reasonable start/finish timeline needs to be set for the initiative. Would I be correct in assuming the Board of Supervisors would want to initiative concluded in time to influence/impact the FY22 county budget process?
6. What questions have I missed?
7. What questions do you have?

Staff recommends that we follow the lead of Mr. Chandler as the facilitator. If the Board has suggestions or questions based on the information included in the agenda packet, please let me know.

RE: Strategic Plan

A Strategic Plan is intended to help the County direct its efforts and resources toward a clearly defined vision for its future. The plan should include benchmarks or milestones that measure the County's progress along the way. This initiative will be institutionalized as a process that is used to guide the organization and its stakeholder partners in making key decisions and tracking progress towards achieving its goals, and to ensure that these goals are aligned upward to the County's Strategic Vision.

While the details of the strategic planning process are to be determined and negotiated with a chosen consultant, a four step process to be considered may include:

- 1) Setting Direction (Environmental Scan and Vision)
- 2) Focusing Efforts (Goals and Priorities)
- 3) Implementation (Countywide/Department Plans)
- 4) Reporting (Progress).

A strategic plan is a "living document" and should undergo periodic review and adjustment to reflect progress towards achievement of goals and/or modifications of goals. As a process and eventual working document, the Strategic Planning process and final document should provide a plan with 3-5, 10 and 20 year horizons to address the following issues:

- Help the County identify what makes Augusta County unique and special, and how the County can position itself to be prepared for the future while still retaining those qualities.
- Transform the conceptual goals of the visioning process into realistic, achievable targets.
- Encourage engagement and spark the interest and excitement of residents, business & property owners, county officials/ administration and staff and others.
- Provide a process that allows general alignment and focus of the Board of Supervisors, County administration, and staff, in addition to citizens, business interests, community groups, etc. to foster a sense of cohesion as to the County's strategic direction.
- Evaluate existing and future public facilities and services; priorities, phasing; help identify how County resources should be allocated and how to maintain customer service levels.
- Generate new ideas and discussion about the built environment, sustainability, sense of place, and the County's overall identity.
- Chart an effective, considered, and innovative course of action for the County's future, setting priorities and maximizing opportunities.

- Serve as a way to organize and prioritize County initiatives and resources to achieve specific goals within a specific period of time, e.g., 3 - 5 year timeframe in the short term, and 10 - 20 year timeframe in the long term, with specific performance measures.
- Recognize economic development potential and ways to diversify the local economy.
- Identify and analyze potential partnerships with other entities; (such as public/public, public/private)
- Plan for fiscal sustainability.

Over the last few months, there have been multiple times that an inquiry has been made about the County's current strategic plan: 1. In reference to the Library's Strategic Plan process; 2. as a guide for the development of a Communications Plan; and 3. in relation to funding large capital projects. The response to the inquiry has been that one does not exist at this time. Guidance in the form of a Strategic Plan would give staff clear direction as to the goals set by the board, allow them to allocate resources to meet those goals, feel a sense of accomplishment as goals are met and focus attentions on the goals versus tasks that fall outside of the Plan.

The above could serve as a scope of work in a Request for Proposal. Staff recommends breaking out the scope of work into options for completion. Pricing for strategic planning services is best achieved through the procurement process, as the scope of work differs among locality contracts. Please add to a future Board agenda for discussion and consideration of moving forward with procuring a consultant.

Subject: [EXTERNAL] Augusta County Board of Supervisors 2020-2021 Goal-Setting Proposal - Mike Chandler

Hi Jennifer,

Please view this post as the next step in our conversation focused on engaging the Augusta County Board of Supervisors in a goal - setting process.

As we have discussed, most governing body goal -setting sessions feature an in-person meeting format wherein the members of the governing body participate in a facilitated conversation usually with the goal of crafting a community-centric vision /mission statement which in turn will influence the design of specific initiatives, policies and actions the governing body, by consensus, agrees should be acted upon for the benefit of community residents and community businesses within a specified period of time.

Due to the ongoing Covid 19 crisis, it is my recommendation the process outlined above should be conducted electronically. I am confident this approach will work and would welcome the opportunity to discuss the specific strategy with you, as outlined below, when time permits:

Step One. Chandler will prepare and distribute a written survey to be completed by all members of the Augusta County Board of Supervisors electronically if possible. The survey will be designed to secure Board member input and perspective regarding the following topics:

- a.) **The Board's purpose;**
- b.) **The Board's governance philosophy;**
- c.) **The Board's vision for Augusta County;**
- d.) **The Board/County mission statement;**
- e.) **The board's core values;**
- f.) **Key issues currently facing Augusta County (2020);**
- g.) **Key issues Augusta County will likely face in the future (2025); and**
- h.) **What the Board intends to accomplish (deliverables) in 2020 2021, 2022.**

Step Two. Chandler will tally the survey results without attribution and will forward the summary to all Board members in advance of a 30 minute phone interview Chandler will conduct with each Board member.

Step Three. A summary of the phone interviews interwoven with the survey results will be prepared (draft findings)and sent to all Board members.

Step Four. Upon receipt of the draft findings, Board members will be asked to endorse, modify or reject the findings as presented via a written exercise that will be returned to Chandler.

Step Five. Chandler will tally the Step Four results, inclusive of any unresolved issues, and will forward the summary to all Board members for a final exercise and review.

Step Six. Chandler will prepare and send the draft final report to all Board members for comment and acceptance.

Step Seven. Chandler will make needed adjustments produced by Step Six and will send the final report to all Board members.

Please contact me Jennifer should you have any questions. Thanks, Mike Chandler

RE: Dept. of Housing and Community Development (DHCD) Broadband Grant-VATI 2021

The County advertised a Request for Information for interest from area internet service providers to partner with the County on an application for the 2021 Virginia Telecommunications Initiative (VATI) Grant. Response was received from Rural Broadband Network Services and MGW/Lingo Networks.

DHCD will award \$19 million to eligible applicants to provide last-mile services to unserved areas of the State. The primary objective of the VATI is to provide financial assistance to supplement construction costs by private sector broadband service providers, in partnership with local units of government to extend service to areas that presently are unserved by any broadband provider. The grant will fund up to 80% of the project.

A competitive grant application will be centered on the number of households served, readiness of a shovel-ready project(s), speed of internet service offered and cost of project to the Commonwealth. Deadline for completion of the construction projects is eighteen months from execution of a grant contract. Project areas proposed include: Fort Defiance, Morris Mill, Spottswood, Barren Ridge, Deerfield Valley, and Middlebrook.

The Committee and staff are vetting the proposed projects for overlap with other providers, federal funding in project areas, type of technology offered and ability to offer local match. The Broadband grant sub-committee will provide input for the final grant applications. A public notice has been placed on the DHCD website regarding the applications. The deadline for the application is August 17, 2020.

Over the last four years, the Board has graciously approved funds to match the grants as a requirement of the application. The following is a summary of the proposed projects and local match to be considered.

Rural Broadband Network Services

6 towers with equipment, Total project cost \$2,502,054

Provider offered local match of \$600,000

For ease if you divide the total by 6, the cost of one site would be \$417,000.

Provider match as noted above would be \$100,000 or 24% of total.

MGW/Lingo Networks

Fiber to the home projects in proposal

Project:	Cost:	Match at 30%:	County Share of match-15%:
Deerfield Valley North	\$1,050,000	\$315,000	\$157,500
Middlebrook	\$400,000	\$120,000	\$60,000
Morris Mill	\$2,250,000	\$675,000	\$337,500

The projects are in the final vetting stages and staff will bring a recommendation to the Board on August 12, 2020 for consideration.

DATE: August 4, 2020

RE: State Recordation Tax

In the 2020 General Assembly Session, legislation was enacted that will alter the manner in which recordation and grantor's tax will be distributed. Attached is, what I believe, the final notice we received from the state regarding sales and recordation estimates. It notes the recordation distribution will change from \$40 to \$20 million. It also notes that there won't be a distribution in FY21 due to the first (now only) \$20 million going to Hampton Roads Regional transit.

Augusta averaged about \$196,000 in recordation over the last 4 years. In FY21, we stand to lose all of this. In future years, if the allocation is cut in half, then we would be short \$98,000. Although the revenue is less than 1% of the County's total revenue budget, \$196,000 could fund 3-4 public safety positions. And why should Augusta County fund Hampton's transit system?

This issue was brought to my attention by Eldon James, our legislative liaison. Attached is a resolution that other localities are adopting to try to bring this matter before the special session of the General Assembly. The resolution is before you for consideration.

RESOLUTION

A RESOLUTION ENDORSING A LEGISLATIVE INITIATIVE
REQUESTING AMENDMENTS TO THE DISTRIBUTION OF STATE
RECORDATION TAX REVENUES TO LOCALITIES

WHEREAS, the Board seeks enabling legislation and amendments to the Virginia Code to accomplish Augusta County's legislative initiatives for the 2020 and 2021 General Assembly sessions; and

WHEREAS, the Board requests amendments to legislation adopted by the Virginia General Assembly during its 2020 session, which resulted in the reduction and elimination of statewide recordation tax revenue distributions to localities for transportation purposes; and

WHEREAS, the Board recognizes that Virginia and its local governments are partners in providing services to our citizens; and

WHEREAS, the Board opposes efforts to reduce the authority and flexibility of the County to govern its citizens and to shift responsibility for shared services solely to localities; and

WHEREAS, the Board opposes the implementation of any new unfunded State mandates or the expansion of any existing unfunded State mandates upon the County and County schools; and

WHEREAS, the Board requests the Virginia Association of Counties (VACo) offer its support for the initiatives contained herein;

NOW, THEREFORE, BE IT RESOLVED by the Augusta County Board of Supervisors on this the 12th day of August, 2020, that the members of the General Assembly representing Augusta County be and they hereby are requested to introduce and support a legislative initiative to amend the State Code regarding the distribution of state recordation tax revenues to localities; and

BE IT FURTHER RESOLVED that staff and the County's legislative consultants will keep the Board apprised of legislative changes and other matters that may adversely impact Augusta County, and its residents and businesses; and

BE IT STILL FURTHER RESOLVED that the County Administrator or his designee will provide a copy of this Resolution to each member of the Augusta County General Assembly Delegation.

RECORDATION AND GRANTOR TAX DISTRIBUTION

During the 2020 session of the General Assembly, legislation was enacted that will alter the manner in which recordation and grantor tax distributions are made to the localities.

Senate Bill 890 revised Section 58.1-816 of the Code of Virginia as follows:

§ 58.1-816. Distribution of recordation tax to cities and counties.

- A. Effective October 1, 1993, ~~twenty~~ \$20 million dollars of the taxes imposed under §§ 58.1-801 through 58.1-809 ~~which that~~ are actually paid into the state treasury, shall be distributed among the counties and cities of ~~this the~~ Commonwealth, *except for counties and cities located in Planning District 8*, in the manner provided in subsection B ~~of this section~~. Effective July 1, 1994, such annual distribution shall increase to ~~forty~~ \$40 million dollars. ***Effective July 1, 2021, such annual distribution shall be \$20 million.***

In addition, also during the 2020 session of the General Assembly, House Bill 1726, beginning in fiscal year 2021, would dedicate the first \$20 million of the annual distribution under Section 58.1-816 to the Hampton Roads Regional Transit Fund (HRTTF). Any remaining amounts would be apportioned and distributed quarterly to the localities outside the Hampton Roads Transportation District.

The Appropriations Act for Fiscal Years 2021 and 2022 in Item 273 – Financial Assistance to Localities distributes \$20 million in each of fiscal years 2021 and 2022. Given that House Bill 1726 would dedicate the first \$20 million of such amount to the HRRTF, there would be no remaining amounts to distribute to the other localities effective July 1, 2020.

June 25, 2020

Mr. Timothy Fitzgerald
Augusta County Administrator
18 Government Center Lane
P.O. Box 590
Verona, VA 24482

As you may be aware, F&M Bank currently owns a banking office at 125 E. Craig Street in Craigsville Virginia. We recently announced our plans to close our retail operations at this facility as of the close of business on July 31, 2020.

We understand that Augusta County has an interest in providing additional library facilities to serve the needs of the Western Augusta / Craigsville community. F&M would be interested in donating the land and building at 125 E. Craig Street to the County for the purpose of either operating a library or providing other County services to the region. Upon conveyance of the property, F&M Bank would like to request that Augusta County lease a suitable space to the Bank on the front of the building with access to lighting, parking and electricity such that the Bank can operate an ATM (Automated Teller Machine) or ITM (Intelligent Teller Machine) at this location to continue to provide the community with banking services.

We request this lease to be extended at no cost to F&M Bank for a period of ten years after the date of the donation. At the end of this ten-year period, the Bank would like the option to lease this space (to include power) with two additional five-year options at a cost of \$175.00 per month.

Thank you in advance for your consideration of this proposal. F&M Bank's Board of Directors feel that this proposal represents an outstanding partnership to continue to support and enhance the quality of life for the community. We look forward to discussing this opportunity further. Please feel free to call me at my office at (540) 896-1743 or on my cell at (757) 810-9072.

Sincerely,

Mark Hanna
President & CEO

Subject: [EXTERNAL] Church Hill Lane Extension

Doug/John,

I have attempted an estimate for the 53' extension of Church Hill Lane, 22' wide. It is tough to estimate something with such small quantities, but I have tried to use conservative units for a ballpark idea.

\$500 mobilization
\$3200 21-B stone base (8" x 22' wide)
\$3000 SM-9.5A (2" x 22' wide)
\$300 Sawcut
\$1,000 contingency
\$1,000 demo existing sub-standard pavement
\$2,000 general grading

\$11,000 Total (without engineering and inspection/testing and excludes driveways)

For something like this, you could probably double that total to account for engineering and inspection. So, I would estimate the total burden to be **less than \$25,000**, but I would not be surprised if it could be substantially more or less depending on many factors involved for a small project. Let me know if you have any questions.

MEMORANDUM

TO: Board of Supervisors

DATE: July 14, 2020

FROM: John R. Wilkinson, Director of Community Development 

COPY: Timmy Fitzgerald, County Administrator

SUBJECT: Waiver request from the requirement to extend the public street

Brad Long, is requesting a waiver from Section 21-9.1 Streets and Street Connections, from the requirement to construct an extension of Church Hill Lane (Rt. 1318), to VDOT subdivision street standards, in order serve two new dwellings.

All new public or private streets created to serve the lots in any subdivision shall be designed and constructed in accordance with standards and procedures of VDOT subdivision street requirements for addition into the secondary system of state highways.

The applicant stated that he purchased the two building lots and did not know that he would be required to extend the public street at his expense.

Staff has concerns regarding this request as there are numerous existing lots in older subdivisions where the public road stops at the last house constructed years ago, but the rest of the existing lots are fronting along the public right of way. Section 21.9.1 requires the extension of these streets to be built to VDOT standards for acceptance into the State system for road maintenance.

Staff does not support the request as we feel it could set a precedent that would result in the creation of private streets in residential subdivisions that already have public streets maintained by VDOT.

Regular Meeting, Wednesday, June 10, 2020, 7:00 p.m. Government Center, Verona, VA.

PRESENT: Gerald Garber, Chairman
Pam L. Carter, Vice-Chair
Butch Wells
Michael L. Shull
Scott Seaton
Jeffrey Slaven
Steven Morelli
Timothy K. Fitzgerald, County Administrator
Jennifer M. Whetzel, Deputy County Administrator
James Benkahla, County Attorney
Angie Michael, Executive Assistant (Via Electronic)

VIRGINIA: At a regular meeting of the Augusta County Board of Supervisors held on Wednesday, June 10 2020, at 7:00 p.m., at the Government Center, Verona, Virginia, and in the 244th year of the Commonwealth....

.....

Chairman Garber welcomed the citizens present.

.....

Mr. Morelli led the Pledge of Allegiance.

.....

Ms. Carter, Supervisor for the Pastures District, delivered the invocation.

.....

INFRASTRUCTURE FUNDING

The Board considered a funding request for additional Fire-Rescue staffing in the amount of \$236,191.00.

Funding Source: Pastures Infrastructure	8014-105	\$78,730.33
North River Infrastructure	8013-64	\$78,730.33
Beverley Manor Infrastructure	8011-100	\$78,730.34

Timothy Fitzgerald, County Administrator, stated that there has been a funding request for Fire-Rescue staffing at Churchville Volunteer Fire and Rescue in the amount of \$236,190.38. The Churchville Volunteer Fire and Rescue has been working with Administration, Mrs. Carter, and Mr. Slaven to create 24/7 staffing with career personnel to provide service for Churchville and the western part of the county. The first year of the additional staffing will be covered from Pastures, North River and Beverley Manor Infrastructure accounts. Next year the cost will be included into the normal operating budget. Also included in this request are Lt. Upgrades, bunkroom improvements, and roof replacement. An increase in Revenue Recovery of \$59,800.62 has been accounted for to offset the total cost.

June 10, 2020, at 7:00 p.m.

REVENUE RECOVERY POLICY (CONTD)

Finance recommends that rates for transports be increased. The cost of operating an ambulance has not decreased, it only continues to increase. Rates in surrounding localities have been reviewed as well as Medicare allowable rates. It is recommended that the rate be set at 125% of Medicare allowable. This increase will benefit Revenue Recovery and the volunteer agencies because they get a portion of the rates that come in.

Ms. Carter asked several questions regarding the spreadsheet that Ms. Cook gave to the Board.

Mr. Morelli asked when this would be effective.

Ms. Cook stated that she would like to see it become effective July 1, 2020.

Mr. Shull asked if Augusta County had Mutual Aid with Highland County

Mr. Fitzgerald stated that it was in progress.

Dr. Seaton thanked Ms. Cook for her hard work on the amendments to the policy. He would like to have an update on a yearly basis regarding the policy.

Mr. Wells commended Ms. Cook on her hard work and agrees with Dr. Seaton with getting an annual update on the matter.

Ms. Carter moved, seconded by Mr. Morelli, that the Board approve the Revenue Recovery Policy revisions as presented.

Vote was as follows: Yeas: Garber, Carter, Wells, Shull, Slaven, Seaton and Morelli
Nays: None

Motion carried.

.....

WAIVERS

The Board considered a waiver request from Sally Behm from the requirement to connect to public water and sewer.

Mr. Fitzgerald stated that Sally Behm submitted a waiver request from the requirement to connect to the public water and sewer lines in order to create a new 10.538 acre lot from TM 82-70, located in the Urban Service Area. Ms. Behm has provided an estimate to extend water and sewer lines from a local contractor, but the cost is unreasonable. An easement would be required across the adjoining property to extend the public water and sewer line to her property. The adjoining property owner has declined her request for an easement. The Augusta County Service Authority has stated that this connection would be very difficult without access through the adjoining property. Staff recommends approval of the request.

June 10, 2020, at 7:00 p.m.

CLOSED SESSION (CONTD)

Vote was as follows: Yeas: Garber, Carter, Wells, Shull, Slaven
Seaton and Morelli
Nays: None

Motion carried.

The Chairman authorized the County Administrator/Clerk of the Board to record this certification in the minutes.

.....

BOARDS AND COMMISSIONS

Dr. Seaton moved, seconded by Mr. Shull, that the Board appoint Matthew Egeli to serve on the Augusta County Service Authority. Effective July 1, 2020 and to expire on June 30, 2024.

PRESENT: Gerald W. Garber, Chairman
Pam Carter, Vice-Chairman
G. L. "Butch" Wells
Michael L. Shull
Scott Seaton
Jeff Slaven
Steve Morelli
Timmy Fitzgerald, County Administrator
Jennifer M. Whetzel, Deputy County Administrator
Leslie Tate, Senior Planner
James Benkahla, County Attorney

VIRGINIA: At a Special Work Session Meeting of the Augusta County Board of Supervisors held on Monday, June 17, 2020, at 5:00 p.m., at the Government Center, Verona, Virginia, and in the 244th year of the Commonwealth....

.....

UTILITY SCALE SOLAR PROJECTS—AUGUSTA COUNTY

Leslie Tate, Senior Planner, gave a brief over view of the vision statement of the Comprehensive Plan and the strategies of growth that drives the vision statement.

Ms. Tate discussed the Comprehensive Plan amendment changes and the Ordinance changes.

Ms. Tate reviewed the next steps to be taken as follows:

- Schedule a presentation on revenue share assessment and siting agreements.
- Staff would recommend the Board direct the Ordinance Committee to evaluate regulations for accessory, ground-mounted residential or commercial solar.
- Option 1: Authorize staff to advertise Comprehensive Plan and Ordinance amendments as discussed.
- Option 2: Have staff present amendments to the Board at a future staff briefing and request authorization to schedule for public hearing.

.....

Chairman
HG-17solarmin 20

County Administrator

CONVENE CLOSED SESSION

August 12, 2020

(In) MOTION: _____ SECOND: _____ VOTE: _____

(Out) _____

(Certify) _____

I move that the Board of Supervisors of Augusta County convene in closed session pursuant to:

- (1) the personnel exemption under Virginia Code § 2.2-3711(A) (1)**
 [discussion, consideration or interviews of (a) prospective candidates for employment, or (b) assignment, appointment, promotion, performance, demotion, salaries, disciplining or resignation of specific employees]:
 - a) Boards and Commissions: Youth Commission, Economic Development Authority, Ag & Forestal Dist., Planning Commission, ACSA, Ag Ind. Brd., Parks & Rec, Library, Recycling, Broadband

- (2) the real property exemption under Virginia Code § 2.2-3711(A) (3)**
 [discussion of the acquisition for a public purpose, or disposition, of real property]:
 - a) Augusta County Courthouse
