Fire-EMS Standard Operating Guideline

Section:	Communications
Title:	Paging Emergency Service Personnel
Date:	
Revised:	05/2013

Paging (via radio) Emergency Service Personnel / Notifications

The Augusta County Emergency Communications Center will page via radio an Emergency Service Provider upon request by the Chief Officer for the Fire-Rescue Agency or the Augusta County Fire-Rescue Administration / Operations Staff.

The task of paging other than what is required as part of an alarm or dispatch will be considered a secondary function and will be carried out accordingly.

When paging Emergency Service Personnel via radio, Augusta ECC will use the rank of a person if available. If the person holds no rank or office position, Augusta ECC will use his or her level of training preceding the individual's last name. If the level of training is not available, Augusta ECC will identify the individual as Emergency Service Provider and the individual's last name.
