Fire-EMS Standard Operating Guideline

Section:	General Operations
Title:	Incapacitated Fire-Rescue Apparatus
Date:	03/26/2014

INCAPACITATED FIRE-RESCUE APPARATUS

In the event the Augusta County Emergency Communications Center is informed a Fire-Rescue unit becomes incapacitated secondary to a traffic crash, a mechanical failure, a failure that prevents the unit from being driven / moved or the crew / driver feels uncomfortable with continuing to drive the apparatus, the crew / driver will immediately contact Augusta ECC.

Augusta ECC will immediately **<Notify>** the Augusta County Fire-Rescue Duty Officer and **<Deploy>** additional resources as deemed necessary to assist.
